Grand Mesa, Uncompahgre and Gunnison National Forests *2015 Seasonal Wildland Fire Fighter Positions*

The GMUG National Forest is advertising a temporary seasonal position for the 2015 fire season. If you have any questions regarding this position please contact the individual listed as the point of contact at the end of this document.

This position will be located at the following duty station:

West Zone- Ouray Ranger District - Montrose, CO

The Grand Mesa, Uncompahgre and Gunnison National Forests has an average of 60 ignitions per year burning approximately 2,000 acres per year. The Forests Fire Management resources include; 4- Type VI Engines and 1- Wildland Fire Module. We have an active prescribed fire and fuels program averaging approximately 3,000 to 8,000 hazardous fuels treatment acres.

www.usajobs.gov.

Announcement Number: 15-TEMP-R2-462-5FEO-DT-MR Advertising: March 12-19th, 2015

A minimum of 90 days of wildland firefighting experience is required as well as FFT1 and S-290 prior to applying for the GS-5 level. Serves as senior wildland firefighter on a wildland fire engine. Independently performs engine operation duties in the suppression of wildland fires and prescribe fire. Drives engine to fire locations in consideration of safety of crew and equipment, and how the equipment can be best used in control and mop-up operations. Personally performs and may direct others in starting pump engine, priming pump, adjusting engine speed and pump valves, laying hose, and using appropriate nozzles and nozzle adjustment in effective use of water and additives. Has specialized duties such as water handling specialist, fully qualified chain saw operator, etc. Accomplishes emergency repairs as necessary to permit continued use of equipment. In those instances when the apparatus cannot be used effectively in suppressing the fire, the incumbent takes aggressive control action in attacking the fire, using other means. This position requires frequent travel to all parts of the country to perform suppression activities.

Duty Station: *Montrose, CO*

For more information about the vacancy and the GMUG Fire Program communicate with the Point of Contact by duty location:

CONDITIONS OF EMPLOYMENT

Successfully complete the WORK CAPACITY TEST (WCT) for Wildland Firefighters. These positions participate in wildland firefighting activities.

- **Forestry Technician and Forestry Aid:** PASSING the WCT at the ARDUOUS level is a “condition of employment.” The Arduous fitness (Pack) Test consists of a three (3) mile hike, within forty-five (45) minutes, while carrying a forty-five (45) pound pack.

Many positions will require the operation of Forest Service vehicles or equipment. A valid state driver’s license is required in order to obtain a government driver’s license.

These positions have been identified under the Forest Service Fire Program Management (FS-FPM) and are subject to selective placement factor requirements contained in the FS-FPM Standard and Guide. The applicant will be required to possess these qualifications by the date identified for each position.

About the GMUG Forest: The GMUG National Forest encompasses 5,000 square miles on the Western Slope of the Colorado Rockies, about 250 miles west of Denver, in west-central Colorado. This forest has five Ranger Districts: Grand Valley with offices in Collbran and Grand Junction, Paonia office is located in Paonia, Gunnison office is located in Gunnison, Ouray office is located in Montrose, and Norwood office is located in Norwood. The Supervisor's Office is located in Delta, Colorado.

The GMUG NFS contain 3,163,131 acres with some of the most spectacular scenery in the Rockies with elevations ranging from 6,000 feet to over 14,000 feet. The climate at lower elevations is warm and arid while the high country is cold in the winter and warm most of the summer months. The Forest is an ideal winter and summer recreation area. The Forest has three ski areas, 43 communities, and a 12,000 square mile area of influence that includes a 250,000 population. Cost of living is one of the lowest in the country in lower elevations and among the highest in the country near the ski areas. For additional forest information, visit the internal website: <http://fsweb.gmug.r2.fs.fed.us/> and external web site: <http://www.fs.usda.gov/GMUG>.
